

In re Patent Application of
ESPOSITO CORCIONE ET AL.
Serial No. **Not Yet Assigned**
Filed: **Herewith**

In the Specification:

Please replace paragraph [0023] on page 6 with the following rewritten paragraph:

~~Based on this solutive idea the technical problem is solved by a parallel configuration system for hybrid propulsion vehicles as previously described and defined by the characterizing part of claim 1.~~

In particular, the parallel configuration system for a hybrid propulsion vehicle comprises an electric engine, and an internal combustion engine operating at a steady state. The vehicle further comprises at least one axle, and a transmission system delivers torque from the electric engine and the internal combustion engine to the at least one axle.
